1 Govt Updates - DSWD and Provincial

Updates:

Actions:

2 Updates

- IOM – 3500 tarps arrived today, starting distributions on Tacloban city today (starting with San Jose and Astrodome)
- Acted – 500 tents arrived & kitchen sets. No locations for distribution decided upon yet.
- Goal working to have items in Tacloban city by 21st/ 22nd Nov.
- Shelter/Wash/CCCM (Acted driving force) assessments ongoing. Preliminary results out today. More areas covered tomorrow. Urge all interested to contribute resources (people and cars) and meet at 7am tomorrow. From speaking with 9 municipalities (officers of municipalities): after food then shelter, health, wash, in that priority order. There is a lack of building materials.
- Key issues: debris clearance needs to be speeded up.
- DSWD has said they will be looking to do assessments segregating those with titled land and those without and SC must come up with different strategies of support. IOM has flagged that SC may be called upon to support database for DSWD.
- CCCM and SCT needs to update and publish matrix showing who is targetting which areas for shelter relief item distributions.

3 Next Meeting

- 2pm in OSOCC area (Grandstand)
